

THE UNIVERSITY *of* EDINBURGH

Edinburgh Award (Social Responsibility and Sustainability Pathways)

This award is given to students whom the University has recognised for actively working to maximise their impact and excel as Climate Change or Sustainable Development Goal Champions. These students have worked above and beyond their formal curriculum requirements to develop, enhance and contribute their Social Responsibility and Sustainability skills both here in the University and beyond in the wider community.

In successfully completing the Edinburgh Award, these students will have been helped to:

- increase awareness of their strengths
- make the most of their strengths, identify areas for development, and work on a plan to develop these skills
- confidently demonstrate what they have to offer to others
- achieve a positive and lasting impact
- look not only at their volunteering, professional development and community work but also to capitalise on their experiences elsewhere to inform and enhance their role as a Climate Change or Sustainable Development Goal Champion, and vice versa.
