

THE UNIVERSITY *of* EDINBURGH

Edinburgh Award (Climate and Sustainability Leadership)

This award is given to students whom the University has recognised for actively working to maximise their impact and excel within climate and sustainability extra-curricular activities. These students have worked above and beyond their formal curriculum requirements to develop, enhance and contribute to the social responsibility and sustainability of the University and the wider staff and student community.

In successfully completing the Edinburgh Award, these students will have been helped to:

- increase awareness of their strengths;
- make the most of their strengths, identify areas for development, and work on a plan to develop these skills;
- confidently demonstrate what they have to offer to others;
- achieve a positive and lasting impact; and
- look not only at their volunteering, professional development and community work but also to capitalise on their experiences elsewhere to inform and enhance their role, and *vice versa*.
